## Message from the Chief of Police,

## **Craig Garris**

Welcome to the Wilkesboro Police Department,

I invite you to learn more about us by reviewing our Annual Report, telephoning us, or visiting us in person or online. The men and women of our department take great pride in serving this beautiful historic community.

I am honored to serve the residents of the Town of Wilkesboro as your Chief of Police. I am also proud to support the accomplishments and fine work of the men and women of this department that continually provide quality service each and every day, to provide you with the best policing services available.

Allow me to extend my personal appreciation to our fine citizens, local officials, and the officers and employees of the Wilkesboro Police Department for their gracious support of me and the professional law enforcement services we provide.

It is my goal our officers work each and every day to strive for the Responsibility of Service and Leadership with Integrity and Conviction.

Sincerely, Craig Garris

The mission of the men and women of the Wilkesboro Police Department is to strive for the impartial enforcement of state and local laws to foster the peaceful environment of our citizens. We will establish community partnerships by providing proactive police services aimed at crime reduction and the protection of life and property. By ethical interactions with those we serve, we will garner the mutual respect that provides the cornerstone of trust our citizens deserve.

## **Law Enforcement Code of Ethics**

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

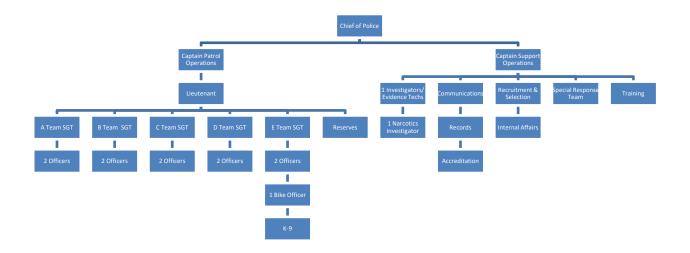

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint, and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary for the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before

God to my chosen profession...law enforcement.

# <u>CALEA</u>

CALEA is an acronym for the Commission on Accreditation for Law Enforcement Agencies, Inc. The purpose of this program is to improve the delivery of public safety services by maintaining a body of standards developed by public safety practitioners, establishing and maintaining an accreditation process, and recognizing professional excellence. The accreditation process involves a complete review of departmental standards and an inspection of compliance with those standards. The review is conducted by independent experts

in the field of law enforcement, who come from all over the United States. The auditors spend time with officers to ensure their understanding and knowledge of the CALEA process, and they also reach out to the community by allowing public comments on the quality of services provided by the Department.

CALEA is a departmental-wide function and is administered by the Support Operations Division Captain. Various compliance reports are assigned to different personnel within the department. Compliance reports include analyses, summaries, and evaluations that must be completed on a time sensitive schedule. The Support Operations Division Captain ensures that reports are completed, and the Accreditation Manager maintains files of corresponding standards. Although CALEA requires a great deal of hard work on behalf of the Police Department and Town, it produces a number of benefits. Examples of benefits include international recognition, agency accountability, and professional excellence.

The Department was first awarded the CALEA accreditation on November 19, 2011. The Department went before the Commission and received our second reaccreditation at the CALEA conference in Jacksonville, Florida in November 2017.

# **ANNUAL REVIEW**

## **Response to Aggression**

Because the application of force on an individual by a police officer is subject to scrutiny by society, the Wilkesboro Police Department investigates all incidents involving officers where some type of response was used on an individual. All responses must be reasonable and necessary. Each response to aggression incident is reviewed by the Division Commander and then by the Senior Command staff for compliance with policy and reasonableness of the response used.

During 2020, Wilkesboro Police Department Officers were involved in 21 Response to Aggression incidents. This was an 61% increase from the previous year. All incidents in 2020 were reviewed and found to be within departmental policy. Below is a listing of the incidents for the last three years.

## **Internal Affairs/Complaints**

The Wilkesboro Police Department investigates all complaints received by the agency. Complaints may be received in writing, in person, by telephone, by email; anonymous complaints are accepted. The preferred method is in writing on a *Citizen Complaint Form*.

The agency uses a two-tiered investigative system that involves the First Line Supervisors for minor complaints that may be a misunderstanding of policy or procedures and a formal investigation for more serious complaints. All officers assigned to internal investigations have specialized training in internal investigative affairs. The Chief of Police assigns all complaints to either a First-Line Supervisor, Division Commander or to Internal Affairs for a complete investigation.

The agency investigated three complaints filed in 2020 on employees of the Wilkesboro Police Department. The complaint filed were on a full-time officer from the Patrol Operations Division. The complaints were both internal and external and resulted in one internal investigation being completed at the request of the Chief of Police. This investigation resulted in discipline for the employees involved. Below is a breakdown of the complaints:

Reports

## **Crime Statistics**

The FBI's Uniform Crime Reporting (UCR) Program is a nationwide, cooperative statistical effort of more than 18,000 city, university, and college, county, state, tribal, and federal law enforcement agencies (LEAs) voluntarily reporting data on offenses reported or known. Since 1930, the FBI has administered the UCR Program and continued to assess and monitor the nature and type of crime in the nation. The program's primary objective is to generate reliable information for use in (LE) administration, operation, and management. However, over the years, UCR data have become one of the country's leading social indicators. Criminologists, sociologists, legislators, municipal planners, the media, and other students of criminal justice use the data for varied research and planning purposes.

The FBI's UCR Program prepared this manual to assist LEAs in reporting their crime statistics via the Program's National Incident-Based Reporting System (NIBRS).

Originally, the UCR Program was designed as a summary system to collect only the most serious offense within an incident. However, the Program began using incident-based reporting (i.e., NIBRS) in 1989 to capture all offenses within an incident—up to ten crime occurrences. Through NIBRS, LEAs report data on each offense and arrest within 24 offense categories made up of 52 specific crimes called Group A offenses. For each of the Group A offenses coming to their attention, the LE collects administrative, offense, property, victim, offender, and arrestee information. LEAs report only arrest data for an additional 10 Group B offense categories.

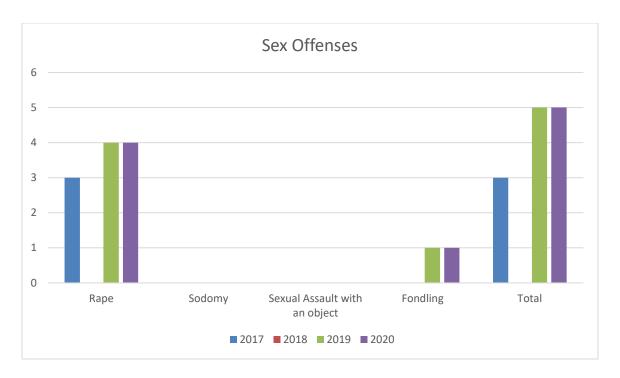

By design, LEAs generate NIBRS data as a by-product of their respective records management systems (RMSs). Therefore, an LEA builds its system to suit its own individual needs, including all of the information required for administration and operation, then forwards only the data required by NIBRS to the National UCR Program. As more agencies report via NIBRS, the data collected will provide a clearer assessment of the nation's crime experience.
