

TOWN OF WILKESBORO

WILKESBORO, NORTH CAROLINA

Annual Comprehensive Financial Report

For the Fiscal Year Ended June 30, 2025

TOWN OF WILKESBORO, NORTH CAROLINA

INFORMATION ABOUT THE COVER

FOR THE YEAR ENDED JUNE 30, 2025

The picture on the cover of this year's Annual Comprehensive Financial Report is the Old Wilkes County Courthouse, now called the "Heritage Museum". It is located in Downtown Wilkesboro next to the Carolina West Wireless Community Commons and Wilkes Communications Pavilion.

The courthouse was built in 1902 and is an example of beaux-arts, neo-classical revival style architecture. The Courthouse was placed on the National Register of Historic Places in 1979. In the early 2000s the building was completely restored and renovated. Since November 2005, The Wilkes Heritage Museum, Inc. has called the Old Wilkes County Courthouse building home. The museum is open to the public 5 days a week and offers exhibits from local history including early stock car racing, moonshining, early settlement, medicine, military history, and traditional music (Blue Ridge National Heritage Area).

December 19, 2025

To the Honorable Mayor, Members of Town Council
and Citizens of the Town of Wilkesboro:

The annual comprehensive financial report ("ACFR") of the Town of Wilkesboro, North Carolina (the "Town" or "Wilkesboro") for the fiscal year ended June 30, 2025, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the ACFR, including all disclosures, rests with the Town's finance team. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and reported in a manner that presents fairly the financial position and results of operations of the Town's various activities and funds. All disclosures required by accounting principles generally accepted in the United States of America (aka "GAAP") and the laws of North Carolina (aka "NCGS" or "General Statutes") and are necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

General Statutes require every local government in North Carolina (the "State") to engage a qualified certified public account to audit its basic financial statements in accordance with auditing standards generally accepted in the United States of America (aka "GAAS") as well as compliance audits performed in accordance with federal and state regulations (if applicable). The Town has contracted with Mauldin & Jenkins (a certified public accounting firm) to perform the audit as of and for the fiscal year ended June 30, 2025. Their report is located at the front of the "Financial Section" of this report. They have issued an unmodified ("clean") opinion of the Town's basic financial statements.

This ACFR includes a narrative document called "Management's Discussion and Analysis (aka "MDA"). The MDA immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MDA is designed to complement this letter of transmittal and should be read in conjunction with it.

The Town is responsible for establishing, implementing and maintaining a framework of internal controls designed to ensure that the Town's assets are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of the Town's basic financial statements in accordance with GAAP. The Town's framework of internal controls provides reasonable, but not absolute, assurance that the basic financial statements will be free from material misstatement. As management of the Town, we believe the Town's internal controls meet these objectives.

Profile of the Government

The Town, incorporated in 1847, is located in the northwestern part of the State, at the foothills of the Blue Ridge Mountains. Wilkesboro is the county seat for Wilkes County (the "County") and currently occupies 6.4 square miles serving a population of 3,687. The Town is empowered to levy a property tax on real property located within its boundaries. It also is empowered by NCGS to extend

its corporate limits by annexation, which it has done from time to time.

The Town has operated under the mayor-council form of government since 2006. Policy-making and legislative authority are vested in the Town Council consisting of the mayor and four other members, all of whom are elected at large. Council members and the mayor are elected to serve four-year terms. The Mayor with Council approval, appoints the Town Manager, who in turn hires its various department heads.

COUNCIL MEMBERS

Jimmy Hayes
MAYOR PRO TEM

The Town provides a full range of services, including police and fire protection; garbage and recycling collection; snow and leaf removal; licenses and permits; the construction and maintenance of roadways within the town limits, and other infrastructure; recreational and cultural activities like parks. Water distribution, wastewater treatment, water and sewer construction services are also provided by the Town and accounted for in three separate departments within a proprietary enterprise fund.

The Town is financially accountable for certain legally separate organizations that are reported as component units. The financial accountability is determined in accordance with criteria established by the Government Accounting Standards Board ("GASB"):

- The *Wilkesboro Alcoholic Beverage Control Board* ("ABC Board") is a discretely presented component unit.
- The *Friends of Wilkesboro, Inc.* ("FoW") is presented as a blended component unit.

The Town is required (NCGS 159, Article 3 - *The Local Government Budget and Fiscal Control Act*) to adopt a balanced budget for the fiscal year no later than June 30 preceding the beginning of the fiscal year on July 1. This annual budget serves as the foundation for the Town's financial planning and control. The budget is prepared by fund, function (e.g., public safety), and department (e.g., police), but legally adopted and controlled at the function level. Multi-year project funds are required to adopt project ordinances which are effective for the life of the project.

Local Economy

Wilkesboro boasts a vibrant and diverse economy that serves as a strong foundation for the Town's overall growth and development. As a key economic hub within its region, Wilkesboro thrives on a variety of industries and sectors, fostering both stability and innovation. This section provides an overview of the Town's robust economy, highlighting its key sectors, major contributors, and the Town's prospects.

Manufacturing and Industrial Base

Wilkesboro's economy benefits significantly from a well-established manufacturing and industrial base. The Town is home to several industrial parks and manufacturing facilities that play a vital role in driving economic activity. These industries encompass various sectors, including automotive parts, textiles, furniture, and food processing. The presence of these manufacturing enterprises provides stable employment opportunities, stimulates local entrepreneurship, and contributes to the overall economic growth of Wilkesboro.

Agriculture and Agribusiness

Wilkesboro's rich agricultural heritage remains an integral part of its economy. The Town and its surrounding areas are known for their fertile lands, supporting a thriving agricultural sector. Local farmers cultivate a wide range of crops such as tobacco, corn, soybeans, and fruits, bolstering the region's agribusiness activities. The agricultural sector also spurs related industries such as food processing, distribution, and agricultural equipment manufacturing, providing a significant economic boost to the Town. Tyson Farms, Inc. is the largest employer in Wilkesboro.

Retail and Services

Wilkesboro boasts a vibrant retail sector that caters to both its residents and visitors. The Town features a diverse array of shopping centers, local boutiques, restaurants, and entertainment venues. These establishments not only contribute to the Town's economic vitality but also serve as attractive destinations for tourism and recreation. Moreover, a robust services sector thrives in Wilkesboro, encompassing healthcare, education, professional services, and hospitality. The provision of these services ensures a high quality of life for the residents and supports the local economy.

Small Business and Entrepreneurship

Wilkesboro takes pride in its entrepreneurial spirit and supportive business environment, making it an ideal destination for small businesses and startups. The Town fosters a culture of innovation and provides resources, mentorship, and networking opportunities for budding entrepreneurs. The small business community plays a crucial role in diversifying the local economy, creating jobs, and driving economic growth. Wilkesboro's commitment to nurturing small businesses has resulted in a dynamic and resilient economic landscape.

Long – Term Planning & Initiatives

The Town has several initiatives and plans in place to further enhance Wilkesboro's housing, recreation, and infrastructure. The Planning and Community Development team launched a long-range comprehensive planning process this fall. The process will include public engagement meetings, surveys, and community outreach beginning in spring 2026; followed by review by the Planning Board and Town Council in fall 2026, with adoption sometime late in 2027.

The project is being done in-house by staff in the Planning & Community Development Department working with a contracted graphic designer, which will reduce costs considerably. The Wilkesboro Way Forward 2045 will replace the current comprehensive plan, which was adopted in 2008. The Wilkesboro Way Forward 2045 will update the town's land-use planning goals to reflect up-to-date priorities and trends and the Town's desired trajectory for the next 20 years.

Housing is a major priority the Town Council, and there will soon be RFPs to encourage the development of new homes in Wilkesboro.

A major upgrade and expansion of the wastewater treatment facility, and future plans for enhancements to the water facility are in progress to continue offering safe and reliable water and wastewater infrastructure for residents and businesses.

In order for the Town to implement these plans, it realizes the importance of having a strong balance sheet to obtain the necessary long-term financing. A key metric that is used in the State is available fund balance as a percentage of expenditures ("fund balance percentage"). The Town has an internal policy requiring the fund balance percentage in the General Fund to be between 20 and 40 percent. However, the Town's current percentage is approximately eight percent. This is an improvement over last year and the Town is committed to the work necessary to rebuild available fund balance.

Financial Policies

The Town Council supports fiscal policies and controls that ensure the long-term financial health of the Town and enable it to respond to unforeseen challenges and opportunities. The Town has implemented policies and practices to promote responsible management of public resources to ensure efficient and effective delivery of quality services.

The Town's investment policy was established to provide parameters within which the Town's funds should be managed to achieve the primary objectives, in order of importance, of safety, liquidity, and return on investment. The policy follows best practices of the Government Finance Officers Association and incorporates NCGS 159-30.

The Town follows the purchasing procedures as required by NC state statutes and Federal Uniform Guidance when required. The Town has adopted a purchasing policy which through competitive pricing, planning and efficient procurement, strives to secure the lowest most responsible cost for the Town.

Awards and Acknowledgements

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Wilkesboro for its annual comprehensive financial report for the fiscal year ended June 30, 2024. This was the first year that the government achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the skill, effort, and dedication of the entire staff of the Town's finance and administration departments. We wish to thank all the Town's departments for their assistance in providing the data necessary to prepare this report. We also like to thank the audit team of the independent auditors from Mauldin & Jenkins who assisted the Town throughout this process without impairing their independence. The auditors were a part of the initial planning meeting and through the final technical review of this report. Credit also is due to the Mayor and the Council for their unfailing support for maintaining the highest standards of professionalism in the management of the Town's finances.

Respectfully submitted,

Ken Noland
Town Manager

Halee Ratcliff
Finance Director

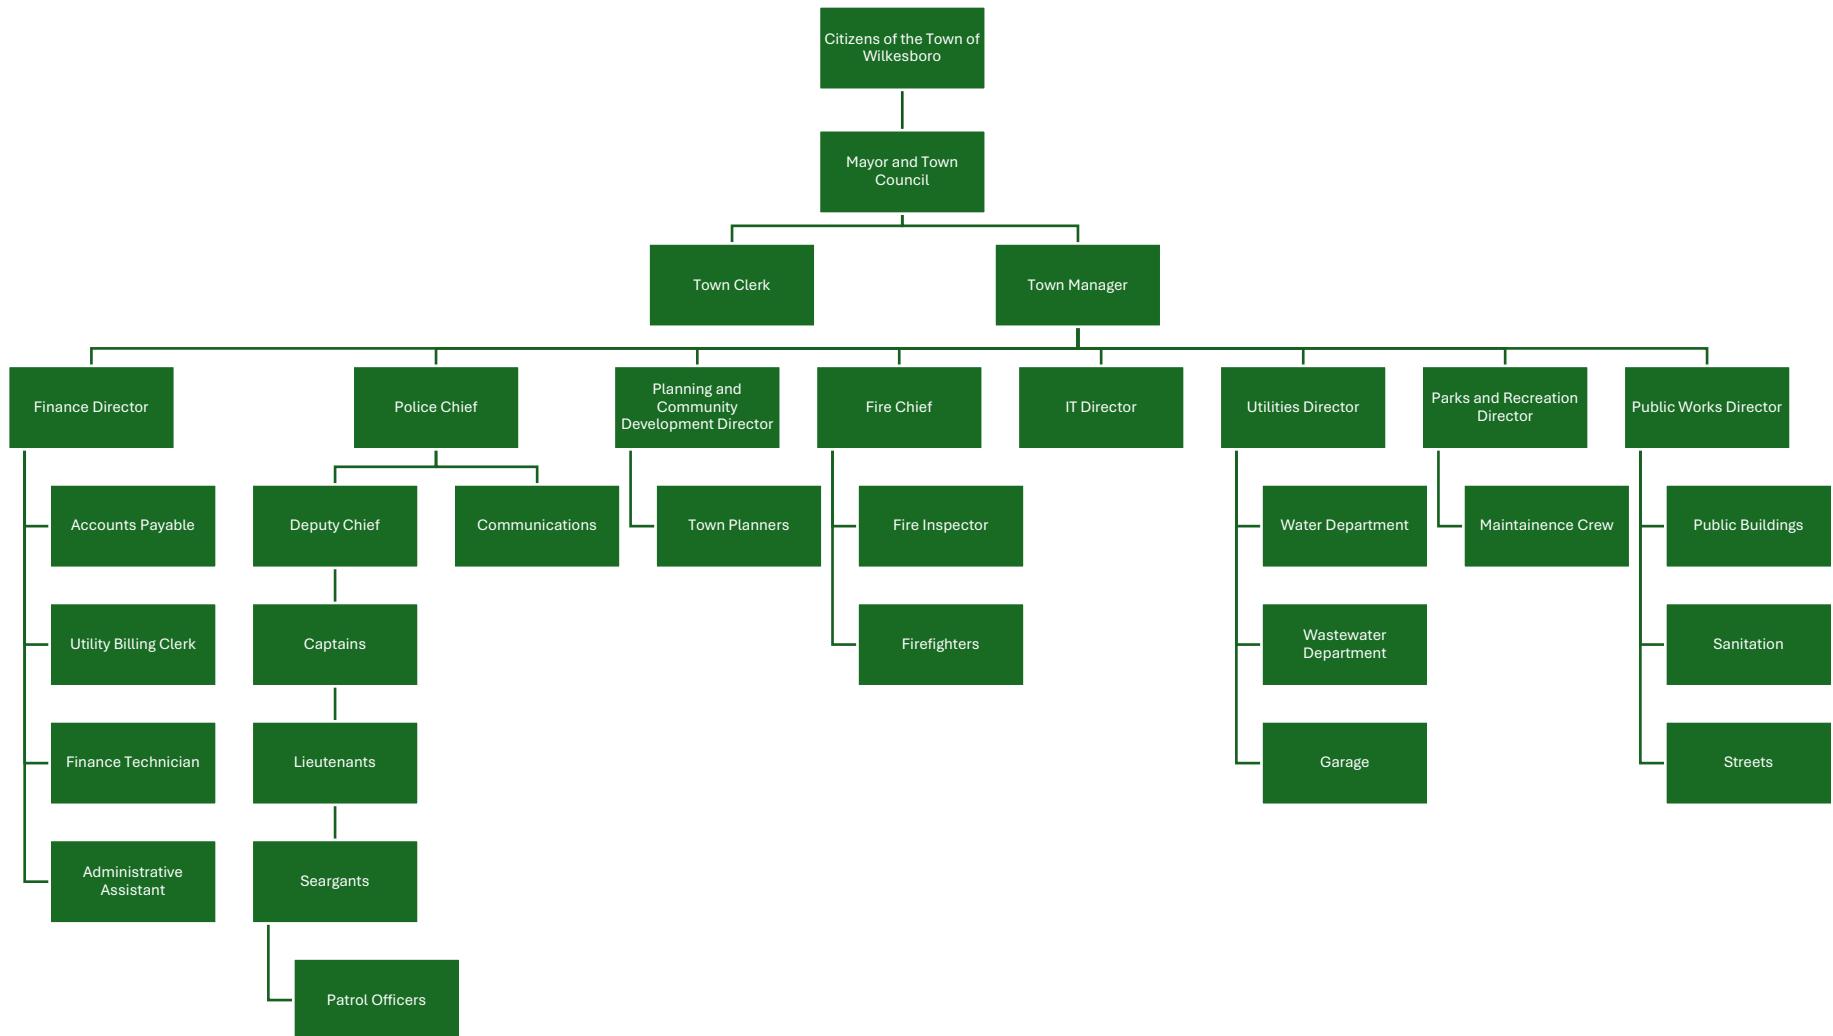

Mayor & Town Council

FINANCIAL SECTION

Independent Auditor's Report

**Honorable Mayor and Members
of Town Council
Town of Wilkesboro, North Carolina**

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **Town of Wilkesboro, North Carolina** (the "Town"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditor, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Wilkesboro ABC Board, which represents 100% of the assets, net position and revenues of the discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the ABC Board, is based solely on the report of the other auditor.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. The financial statements of the ABC Board were not audited in accordance with *Government Auditing Standards*. We are required to be independent of the Town, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion Analysis, the Schedule of Changes in Total Pension Liability – Law Enforcement Officers' Special Separation Allowance, the Schedule of Total Pension Liability as a Percentage of Covered Payroll – Law Enforcement Officers' Special Separation Allowance, the Schedule of Changes in Total OPEB Liability and Related Ratios, the Schedule of Town's Proportionate Share of Net Pension Liability (Asset) – Local Governmental Employees' Retirement System, and the Schedule of Town's Contributions – Local Governmental Employees' Retirement System on pages 5 - 14, 65 - 66, 67 - 68, 69 - 70, 71 -72, and 73 - 74, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual fund statements and schedules, as listed in the table of contents, and the schedule of expenditures of federal and state awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and State of North Carolina Single Audit Implementation Act (collectively, "the supplementary information") is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the title pages, introductory section, and statistical section, but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2025, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Mauldin & Jenkins, PLLC

Raleigh, North Carolina
December 19, 2025

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

As management of the Town of Wilkesboro (the "Town"), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2025. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

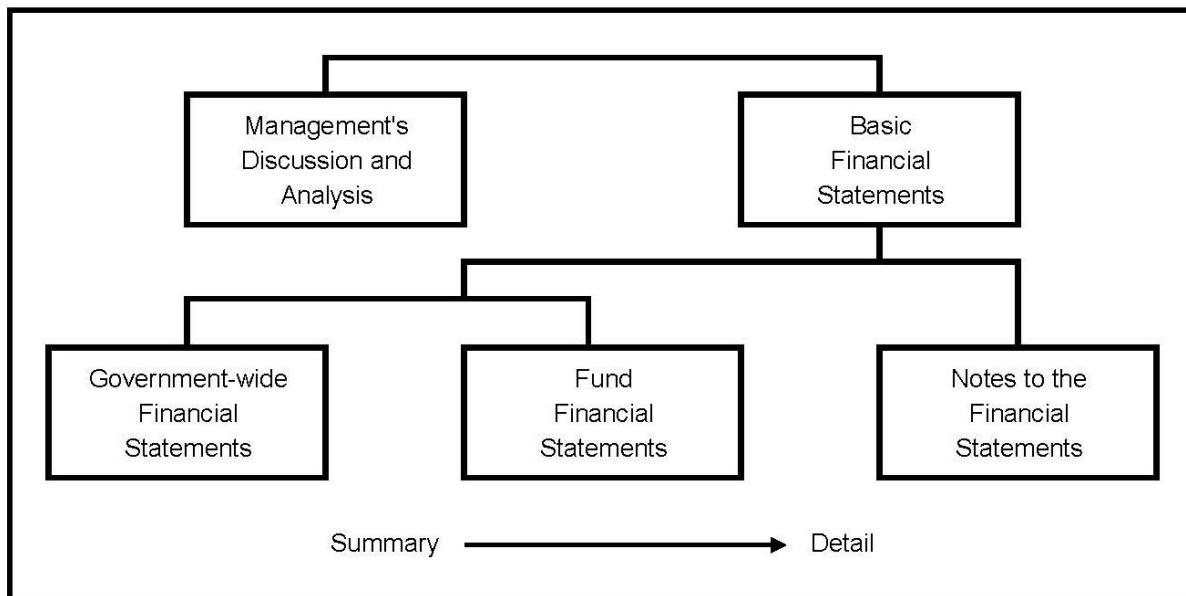

- The assets and deferred outflow of resources of the Town exceeded its liabilities and deferred inflow of resources at the close of the fiscal year by \$48,702,834 (*net position*).
- The Town's total net position decreased for governmental activities by \$752,107 but increased for business-type activities by \$1,358,731.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$3,688,014 which is a decrease of \$175,212.
- As of the close of the current fiscal year, the ending fund balance in the Town's General Fund was \$2,317,910 which decreased \$100,485 from prior year. Unassigned fund balance decreased by \$480,533.
- As of the close of the current fiscal year, the Town's total long-term debt (excluding long-term benefit related liabilities) was \$4,056,896, a decrease of \$608,134.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the Town's financial condition.

Required Components of Annual Comprehensive Financial Report

Figure 1

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

Basic Financial Statements

The first two statements in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements are the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by North Carolina General Statutes ("NCGS") also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how they have changed. Net position is the difference between the Town's total assets/deferred outflow of resources and total liabilities/deferred inflow of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the Town's basic services such as public safety, parks and recreation, and general administration. Property taxes, state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water and sewer services offered by the Town of Wilkesboro. The final category are the Town's component units.

- Although legally separate from the Town, the ABC Board is important to the Town because the Town exercises control over the Board by appointing its members and because the Board is required to distribute its surpluses to the General Fund of the Town. This component unit is discretely presented in the Town's financial statements.
- The Friends of Wilkesboro, Inc. is a legally separate 501(c)(3) organization that was established solely for the benefit of the Town. It is blended with the Town and reported as a special revenue fund.

The government-wide financial statements are on pages **15 - 17** of this report.

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related and legal requirements, such as NCGS including the Town's budget and project ordinances. All the Town's funds can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town adopts an annual budget for its General Fund, as required by NCGS. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement is prepared using the modified accrual basis of accounting as required by NCGS and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds - The Town maintains one proprietary fund which is an enterprise fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses an enterprise fund to account for water and sewer services it provides to the citizens of the Town. This fund is the same as that function shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages **26 - 64** of this report.

Other Information - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information ("RSI") concerning pension and other post-employment benefits ("OPEB") that are offered to the employees of the Town. RSI can be found on pages **65 - 74** of this report.

NET POSITION						
Net investment in capital assets	9,145,572	8,993,474	43,246,230	42,200,672	52,391,802	51,194,146
Restricted	3,208,796	2,732,352	-	-	3,208,796	2,732,352
Unrestricted	<u>(5,812,140)</u>	<u>(4,431,491)</u>	<u>(1,085,624)</u>	<u>(1,398,797)</u>	<u>(6,897,764)</u>	<u>(5,830,288)</u>
Total net position	<u>\$ 6,542,228</u>	<u>\$ 7,294,335</u>	<u>\$ 42,160,606</u>	<u>\$ 40,801,875</u>	<u>\$ 48,702,834</u>	<u>\$ 48,096,210</u>

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of resources of the Town exceeded liabilities and deferred inflows of resources by \$48,702,834 as of June 30, 2025. The Town's total net position increased during the year by \$606,624. However, the largest portion, \$52,391,802, reflects the Town's investment in capital assets (e.g. land, buildings, machinery, and equipment); net of capital related debt still outstanding that was issued to acquire those assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town's net position \$3,208,796 represents resources that are subject to external restrictions on how they may be used. The remaining unrestricted net position represents a deficit of (\$6,897,764).

Several aspects of the Town's financial operations influenced total net position as follows:

Governmental activities

- Net investment in capital assets increased \$152,098 due to continued construction-in-progress and the acquisition of several capital assets as discussed later in the "Capital Asset and Debt Administration" section.

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

Governmental activities (Continued)

- Restricted net position increased \$476,444. The major factor that resulted in this net increase was a \$433,094 increase in the "Stabilization by State Statute". This restriction is reduced when receivables are converted into cash. Another factor that affects this restriction is the amount of cash and investments. The Town's cash and investments decreased this year due to damage caused by Hurricane Helene. Reimbursement from FEMA will not be received until next year.
- Unrestricted deficit balance increased \$1,380,649 which approximates the current year change in net position of \$752,107 and \$433,094 increase in "Stabilization by State Statute" as described above.

Business-type activities

- Net investment in capital assets increased \$1,045,558 due to significant construction on the Cub Creek Wastewater Expansion Project and the acquisition of several capital assets as discussed later in the "Capital Asset and Debt Administration" section.
- Unrestricted deficit balance decreased \$313,173 as revenues exceeded expenses and cash and investments increased \$547,199.

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

Governmental activities: Governmental activities decreased the Town's net position by \$752,107. The following is a summary of the most significant fluctuations during the year:

- Property taxes are the Town's largest revenue source. Property tax revenue provided a modest increase by continued diligence in the collection of property taxes by maintaining a tax collection percentage of 99.38%.
- Capital grants and contributions decreased \$780,892 because a one-time grant of \$750,000 was received last year for the construction of a new fire station.
- General government expenses increased by \$676,079. This year the Town incurred storm cleanup costs in addition to the existing services it provides citizens

Business-type activities: Business-type activities increased the Town's net position by \$1,358,731. The following is a summary of the most significant fluctuations during the year:

- Charges for services increased \$364,796 primarily due to an uptick in usage by major industrial customers and an increase in water and sewer rates during the year.
- Capital grants and contributions decreased \$93,718. This revenue will fluctuate up and down based on the level of construction activity. The Cub Creek Wastewater Plant Expansion is the project tied to this revenue.
- Water and sewer expenses increased \$630,083 for several reasons. The most significant being payment to the General Fund for shared services and an increase in medical claims.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to demonstrate compliance with finance-related and legal requirements.

Governmental Funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements.

The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance was \$273,859. Overall, total fund balance decreased \$100,385.

As a measure of the General Fund's liquidity, it may be useful to compare both available fund balance (assigned + unassigned) and total fund balance to total expenditures. As of June 30, 2025, the available fund balance represented 3.3% of total expenditures. Total fund balance represented 28.3% of total expenditures. To give the reader some perspective, 8% equals an average of one month's expenditures.

As noted above, total fund balance in the General Fund decreased \$100,385 this year. This decrease is due primarily to shortfalls in certain budgeted tax revenues and rental income as discussed below. Total expenditures increased this year, but net expenditures were approximately the same as last year due to shared administrative expenditures with the Water and Sewer Fund that were reimbursed this year for \$350,000.

General Fund Budgetary Highlights. During the current year, the Town amended the General Fund's budget on three occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. These amendments are typical occurrences as Council adjusts to opportunities and circumstances that arise throughout the year. Variances still exist after budget amendments are made.

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

The following are the most significant budget variances:

- Unrestricted intergovernmental revenues came in \$233,623 less than budget. Reimbursement from the ABC Board for health insurance increased, and the sales tax refunds are budgeted as a revenue source, but the related expenditure and reimbursement are netted through a receivable account.
- Restricted revenue came in \$228,547 less than budget. This is in part to decreased reimbursement and a reclass of how proceeds from the Tourism Development Authority are posted.
- General government expenditures were \$214,419 less than budget for several reasons. The most significant of which were the limited activities of the Public Building and IT departments and the postponement of some planned capital improvements.
- All expenditures at the function level (which is the legal level of control) in the General Fund were below budgeted amounts except for Public Safety which exceeded budget by \$9,469 and is explained in more detail in Note 2A.

Proprietary Funds. The Town's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to a deficit (\$1,085,624). The total change in net position was an increase of \$1,358,731. Other factors concerning the finances of this fund have already been addressed in the discussion of the Town's business-type activities.

Capital Asset and Debt Administration

Capital assets. The Town's capital assets, net of accumulated depreciation and amortization for its governmental and business-type activities as of June 30, 2025, were \$9,639,791 and \$46,692,019, respectively. These assets include buildings, water and sewer lines, land, machinery and equipment, park facilities, vehicles, and infrastructure. The overall investment made to the Town's capital assets increased \$1,197,656 from last fiscal year. Major capital asset transactions during the year include the following:

Governmental activities

- Increase in construction in progress of \$112,665 for governmental activities related to multiple recreation projects including Cub Creek Playground, Recreational Trails Program, and the Yadkin Greenway Extension project.
- The Town leased a new pickup truck for the Fire Department valued at \$56,684.
- The Town resurfaced and repaired several streets at a cost of \$123,724.

Business-type activities

- Increase in construction in progress of \$360,516 for business type activities related to the Cub Creek Wastewater Treatment Expansion Project and other water and sewer projects.
- The Town purchased a leaf collection unit and trailer for \$119,677.
- Improvements to the Ken Acres project were placed into service and valued at \$126,156.
- The Town leased five new vehicles for the Water & Sewer Construction department and the Water Department valued at \$205,512.

Additional information on the Town's capital assets can be found in note 5 of the Basic Financial Statements.

Long-term Debt. The Town's total long-term debt (excluding liabilities related to employee benefits) for its governmental activities and business-type activities, as of June 30, 2025, was \$721,471 and \$3,335,425, respectively. During the year, the Town leased six new vehicles for \$262,196 and received a \$227,252 cash flow loan from the State to help with cash flow needs caused by Hurricane Helene storm damage. The remainder of the changes in long-term debt result from regularly scheduled debt service payments.

As part of the Cub Creek Wastewater Treatment Expansion Project, the Town's funding package with the State of North Carolina includes a revolving loan in the amount of \$56,110,000. This loan is available to the Town but not used as of June 30, 2025.

NCGS limit the amount of general obligation debt that a unit of government can issue up to 8 percent of the total assessed value of taxable property (approximately \$749,000,000) located within the Town's limits. The legal debt margin for the Town is approximately \$60,000,000.

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

Additional information regarding the Town's long-term debt can be found in note 6 of the Basic Financial Statements.

Economic Factors and Trends

The following key economic indicators reflect the financial condition of the Town.

- Wilkes County has a labor force of 25,660 with a 4.2% unemployment rate at June 30, 2025, which has decreased from fiscal year end 2024 when it was at 4.5%. This rate is indicative of the national economic environment and is slightly higher than the state-wide average of 4.0%.
- Sales tax revenues increased by 3.3% from the prior year. FY 2024 was the first-year post pandemic the Town saw a decrease in sales tax revenue year over year. The prior years saw unprecedented growth in sales tax revenue. The increase in sales tax revenue from the prior year is more in line with traditional year-over-year growth.
- Manufacturing remains one of the largest industries in the area, which increases the demand for viable utilities. There are on-going capital projects within the Town to increase capacity to meet these demands.

Budget Highlights for the Year Ending June 30, 2026

General Fund: The tax rate decreased by two cents to 46 cents for FY 2026.

Budgeted expenditures are nearly level from FY 2025 slightly increasing 1.74% to \$8,750,000. This budget is a level document that does not include any potential financing of capital items as revenues. The budget is of a conservative nature that does not include many large capital items. There was a county wide reevaluation of property taxes in 2025, the first since 2019. The Town had a net growth of 29% of property values when factoring business-personal taxes. The tax rate was decreased by two cents to offset some of the increased values, while creating additional revenue for the General Fund. The new tax rate is estimated to increase ad valorem revenue by \$650,000.

There is no appropriated fund balance in the FY 2026 budget. It is a priority of the governing body and management to rebuild unassigned fund balance to be within the Town's policy of 20%-40%. Increased revenue from ad valorem taxes will help improve fund balance as of percentage of expenditures.

Water and Sewer Fund: Budgeted expenditures in the Water and Sewer Fund increased by 1.3% to \$10,200,000. This is a generally level budget similar to FY 2025. There were no changes to utility rates in FY 2026. The rate study completed by the UNC Environmental Finance Center is revisited annually to assess the rate structure in place to meet the current and future needs of the Town's enterprise fund.

Other: The adopted budget allows for a 2.5% cost of living adjustment, consistent with national inflation, for all employees. The conversion of 6 part-time positions in the IT (1), Parks (1), and Fire Department (4) were approved in the FY 2026 budget. Rising health insurance is an issue the Town continues to monitor each year as a self-insured organization. Over \$2 million has been allocated for group health, dental, and vision insurance. Between both funds, budgeted capital outlay totals approximately 5.1% of the budget, or \$989,300. The Town is continuing the partnership with Enterprise Fleet Management to better manage and plan fleet needs. Debt service is approximately 5.4% of the total budget.

Tyson Foods continues to be the Town's major utility customer by a wide margin. While Tyson's water usage does have some seasonality, the overall usage increase has been very positive for the Town. Usage is showing signs of leveling out with an upward trend. This user is a tremendous asset to the Town as well as a close business partner. Due to the proposed expansion of the processing plant, we anticipate the need to add an additional capacity at both Water and Wastewater plants.

TOWN OF WILKESBORO, NORTH CAROLINA

Management's Discussion and Analysis For the Year Ended June 30, 2025

Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Town Manager, Town of Wilkesboro, and 203 West Main Street, Wilkesboro, NC 28697. Additionally, the Town features a financial dashboard on its webpage for real-time financial information. It can be accessed at www.wilkesboronc.org.

The accompanying notes are an integral part of these financial statements.

TOWN OF WILKESBORO, NORTH CAROLINA

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2025

Total governmental fund balances: \$ 3,688,014

Amounts reported for governmental activities in the Statement of Net Position are different because of the following:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the government funds:

Cost of assets	\$ 16,687,819
Accumulated depreciation and amortization	<u>(7,048,028)</u>
	9,639,791

Other long-term assets are not available to pay for current period expenditures and, therefore, are not reported or are deferred in the funds:

Property taxes	\$ 71,834
Grants	<u>69,663</u>
	141,497

Deferred outflows of resources related to the recording of the Town's pension liabilities and total OPEB liability are recognized as expense over time and, therefore, are not reported in the funds.

Pension - LGERS	\$ 1,224,611
Pension - LEO	373,378
OPEB	<u>3,226,466</u>
	4,824,455

Deferred inflows of resources related to the recording of the Town's pension liabilities and total OPEB liability are amortized against expense over time and, therefore, are not reported in the funds.

Pension - LGERS	\$ (31,259)
Pension - LEO	(216,663)
OPEB	<u>(2,901,687)</u>
	(3,149,609)

As the Town is self-insured for health insurance, the liability for incurred but not reported claims is not considered due and payable and, therefore, is not reported in the funds.

Claims payable	(106,361)
----------------	-----------

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Leases payable	\$ (289,693)
Notes payable	(204,526)
Loan payable	(227,252)
Net pension liability - LGERS	(2,470,048)
Total pension liability - LEO	(912,394)
Total OPEB liability	(4,336,241)
Compensated absences payable	(53,783)
Accrued interest payable	<u>(1,622)</u>
	(8,495,559)
Net position of governmental activities	<u>\$ 6,542,228</u>

Fund balances, beginning of the year	2,418,295	1,444,931	3,863,226
Fund balances, end of year	<u>\$ 2,317,910</u>	<u>\$ 1,370,104</u>	<u>\$ 3,688,014</u>

The accompanying notes are an integral part of these financial statements.

TOWN OF WILKESBORO, NORTH CAROLINA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2025

Net change in fund balances - total governmental funds	\$	(175,212)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.

Capital outlay	\$	502,989
Depreciation and amortization expense	<u>(522,439)</u>	
		(19,450)

Certain revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	\$	12,153
Grants	<u>54,663</u>	
		66,816

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized for governmental activities. The net effect of these differences in the treatment of long-term debt and related items are as follows:

Issuance of leases payable	\$	(56,684)
Issuance of loan payable	<u>(227,252)</u>	
Repayment of leases payable	82,790	
Repayment of notes payable	<u>145,442</u>	
		(55,704)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Pension expense - LGERS	\$	(296,962)
Pension expense - LEO	<u>424</u>	
OPEB expense	<u>(263,168)</u>	
Claims payable	<u>(2,332)</u>	
Compensated absences	<u>(6,716)</u>	
Accrued interest	<u>197</u>	
		<u>(568,557)</u>
Change in net position of governmental activities	<u>\$</u>	<u>(752,107)</u>

Operating income	\$ 125,305
Adjustments to reconcile operating income to net cash provided by operating activities:	
Depreciation and amortization expense	1,356,271
Miscellaneous income	722,805
Change in assets, deferred outflows of resources, liabilities, and deferred inflows of resources:	
Increase in accounts receivable	(17,080)
Decrease in sales tax receivable	914
Increase in inventory	(1,020)
Increase in due from other funds	(27,317)
Decrease in deferred outflows of resources - LGERS pension	152,512
Decrease in deferred outflows of resources - OPEB	200,996
Decrease in accounts payable and accrued liabilities	(298,475)
Decrease in unearned revenue	(80,468)
Decrease in compensated absences	(3,727)
Increase in customer deposits	12,491
Increase in net pension liability - LGERS	45,344
Decrease in total OPEB liability	(350,814)
Increase in deferred inflows of resources - OPEB	325,264
Decrease in deferred inflows of resources - LGERS pension	120
Net cash provided by operating activities	<u>\$ 2,163,121</u>
NONCASH INVESTING, CAPITAL AND FINANCING ACTIVITIES	
Right-to-use asset acquired via leasing arrangement	\$ 205,512
Capital asset purchases in accounts and retainage payable	110,364

The accompanying notes are an integral part of these financial statements.

TOWN OF WILKESBORO, NORTH CAROLINA

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2025

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Wilkesboro, North Carolina (the “Town”), its discretely presented component unit, and blended component unit have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Town’s significant accounting policies are described below.

A. Reporting Entity

The Town of Wilkesboro is a municipal corporation that is governed by an elected mayor and a four-member council. As required by GAAP, these financial statements present the Town and its component units, legally separate entities for which the Town is financially accountable. The Town’s financial statements includes one discretely presented component unit that is reported in a separate column in the Town’s financial statements in order to emphasize that it is legally separate from the Town. In addition, the Town reports one blended component unit. Additional information regarding the Town’s component units is disclosed below.

Town of Wilkesboro ABC Board

The members of the Town of Wilkesboro ABC Board’s (the “ABC Board”) governing board are appointed by the Town. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town and to other governmental units. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity’s administrative offices at Town of Wilkesboro ABC Board, 798 Curtis Bridge Road, Wilkesboro, NC 28697.

Friends of Wilkesboro, Inc

The Friends of Wilkesboro, Inc. (the “FoW”) is a legally separate not-for-profit organization that was created for the exclusive benefit of the Town. All members of FoW’s governing board are appointed by the Town and the Town has the ability to impose its will on the FoW. Accordingly, the FoW is reported as a blended component unit of the Town and is presented as a special revenue fund. The FoW does not issue separate stand-alone financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) display information about the primary government and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as grants and subsidies result from non-exchange transactions. Other nonoperating revenues are ancillary activities such as investment earnings.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers most revenues to be available if they are collected within 90 days of the end of the current fiscal period, except for property taxes which use a 60-day period. If any government grants are not received in the 90-day period, the Town considers it a deferred inflow of resources. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to other long-term liabilities, such as compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, individual major funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The Town reports the following major governmental fund:

The **General Fund** is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for administration, public safety, street maintenance and construction, and sanitation services.

The Town reports the following major enterprise fund:

The **Water and Sewer Fund** accounts for the operation, maintenance and development of the Town's water and sewer system and services. Water and Sewer projects funds have been consolidated in the Water and Sewer Fund for financial reporting purposes. The budgetary information for the Water and Sewer Fund, including the project funds, have been included in supplementary information.

The Town also reports the following fund types:

The **Special Revenue funds** are used to account for specific revenues which are legally restricted or committed to expenditures for particular purposes. The Town's nonmajor special revenue funds include the FEMA/Helene Grant Project Fund and Friends of Wilkesboro, Inc.

The **Capital Projects funds** are used to account for the expenditures related to ongoing capital projects of the Town. The Town's nonmajor capital projects funds include the SCIF Restroom Project Fund, General Capital Projects Fund, and the Fire Substation Project Fund.

Government-wide and Proprietary Fund Financial Statements. In accounting and reporting for its proprietary operations, the government applies all GASB pronouncements. GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, incorporated into the GASB's authoritative literature certain accounting and financial reporting guidance issued on or before November 30, 1989, which did not conflict with or contradict GASB pronouncements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, any interfund services provided and used are not eliminated as this process would distort the direct costs and program revenues reported in the various functions.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, leases, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions of right-to-use assets via leases are reported as other financing sources.

As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013, and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Water and Sewer Fund. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the FEMA/Helene Grant Project Fund, all capital project funds, all Water and Sewer capital project funds and the Water and Sewer Capital Reserve Fund. The enterprise fund projects are consolidated with the operating fund for reporting purposes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$500. All amendments must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year, or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

Friends of Wilkesboro, Inc, is a not-for-profit organization and not subject to the above statutory requirements. However, it does prepare an annual budget and is presented as supplementary information.

E. Deposits

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Town. The Town pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Any deposit in excess of the federal depository insured amounts must be collateralized by an equivalent amount of state or U.S. obligations. For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents.

State law [G.S. 159-30(c)] authorizes the Town and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT). The Town's, and the ABC Board's investments are reported at fair value as determined by quoted market prices. The NCCMT-Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Restricted Assets

The restricted cash in the Water and Sewer Fund includes customer deposits held by the Town before any services are supplied that are restricted to the service for which the deposit was collected. Powell Bill funds are also classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing, or widening of local streets per G.S. 136-41.1 through 136-41.4.

Capital projects are classified as restricted cash because the external grants are restricted for specific projects. The Friends of Wilkesboro, Inc. cash is classified as restricted because it can only be used to achieve the objectives of its mission.

Governmental Funds:

General Fund		
Streets - Powell Bill	\$	267,552
Nonmajor Governmental Funds		
SCIF Restroom Project Fund		302,239
Fire Substation Project Fund		750,000
Friends of Wilkesboro, Inc.		488,988
Total Governmental Funds	\$	<u>1,808,779</u>

Enterprise Fund:

Water and Sewer Fund		
Customer deposits		109,040
Total Enterprise Fund:		<u>109,040</u>
Total Restricted Cash	\$	<u>1,917,819</u>

G. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In accordance with state law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2024.

H. Allowance

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Interfund Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government wide financial statements as “internal balances.”

J. Leases

Lessee

The Town is a lessee for multiple noncancelable leases of equipment and vehicles. The Town recognizes a lease liability and an intangible right-to-use leased asset in the government-wide, and proprietary fund financial statements. The Town recognizes lease liabilities and leased right to use assets in accordance with its capitalization policy (Note 1-L).

At the commencement of a lease, the Town initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the lease term.

Key estimates and judgments related to leases include how the Town determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The Town uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the Town generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option prices that the Town is reasonably certain to exercise.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Leases (Continued)

Lessee (Continued)

The Town monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

In the statement of net position, lease assets are reported with other capital assets and lease liabilities are reported with other long-term liabilities as amounts due within one year and amounts due in more than one year.

Lessor

The Town is the lessor for a noncancelable lease of real property to the ABC Board, a discretely presented component unit. The Town recognizes a lease receivable and a deferred inflow of resources for deferred lease receipts in accordance with these transactions.

At the commencement of a lease, the Town initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments made. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments made at or before the lease commencement date, less certain other amounts to be paid by the Town (if any). Subsequently, the deferred inflow of resources is amortized into lease revenue on a straight-line basis over the lease term.

Key estimates and judgments related to leases include how the Town determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The lease agreements entered into by the Town as lessor do not include stated interest rates. Therefore, the Town generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease receivable are composed of fixed payments that the Town will receive over the term of the lease agreement.

The Town monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflow of resources if certain changes occur that are expected to significantly affect the amount of the lease.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. The inventory of the Town's enterprise fund consists of materials and supplies held for subsequent use. The cost of this inventory is expensed when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expended as the items are used.

L. Capital Assets

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and intangible assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets received prior to July 1, 2015, are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015, are recorded at estimated acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the Town are depreciated and amortized using the straight-line method over the following estimated useful lives:

Asset	Years
Infrastructure	25
Buildings and improvements	32 - 60
Water and sewer plants	50 - 67
Water and sewer lines	33 - 100
Vehicles	5 - 10
Furniture and equipment	5 - 20
Computer equipment/software	5 - 7
Right-to-use lease assets	3 - 5

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflow of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Town reports deferred outflows of resources related to its pension and other postemployment benefit (OPEB) plans. These deferred outflows include (1) contributions to the Local Governmental Employees' Retirement System (LGERS) subsequent to the applicable measurement date; (2) differences between expected and actual experience of the pension plan and/or OPEB plan, (3) net differences between projected and actual investment earnings on the pension plan assets, (4) changes in proportion and the difference between the Town's actual contributions towards the pension plan and the Town's proportionate share of contributions, and (5) changes in the plan assumptions. Contributions subsequent to the measurement date will be recognized as a reduction of the pension liability in the subsequent fiscal period. The net difference between projected and actual investment earnings on the pension plan assets are amortized over five years, while the remaining deferred outflows of resources will be amortized into pension and/or OPEB expense over the remaining service period of plan members.

In addition to liabilities, the statement of net position reports a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports unavailable revenue from property taxes and intergovernmental revenues (grants) which arises only under a modified accrual basis of accounting. Accordingly, these unavailable revenues are reported only in the governmental funds balance sheet and will be recognized as revenue in the period in which the amounts become available. The government-wide statement of net position and governmental funds balance sheet report deferred lease receipts. This amount will be amortized into revenue over the term of the applicable lease agreement. Finally, the Town reports deferred inflows of resources related to its pension and/or OPEB plans which are discussed in the paragraph above.

N. Compensated Absences

The vacation policy of the Town provides for vacation leave based on length of employment by the Town with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Compensated Absences (Continued)

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. The Town does not record any liability for the accumulated sick leave as amounts accumulated by employees are more likely than not to be used for time off or otherwise paid, in accordance with GASB 101. For purposes of estimating the compensated absences liability, the Town assumes leave is used on a last-in, first-out basis, meaning that the most recent accrued sick leave is applied first.

O. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

Bond premiums and discounts are accrued and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Bond issuance costs are expensed in the year of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

P. Economic Dependency

The Water and Sewer fund has one major customer from whom the Town derives a significant portion of its operating revenues. For the current year, approximately 71% of the revenue reported as water and sewer charges were related to billed consumption for its major customer.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities and deferred inflows of resources under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either: (a) not in spendable form (i.e., items that are not expected to be converted to cash), or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. One component of the restricted fund balance of the General Fund relates to the Stabilization by State Statute [G.S. 159-8(a)] which requires total fund balance less the fund balance available for appropriation equals the total amount that must be restricted.

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Grant Programs - portion of fund balance that is restricted by revenue source for the cash loan portion of the FEMA/Helene project fund.

Restricted for Culture and Recreation – portion of fund balance that is restricted for use by the Friends of Wilkesboro, Inc.

Restricted for Capital Projects – portion of fund balance that is restricted by revenue source for various capital projects.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Fund Equity (Continued)

Fund Balance (Continued) –

Committed – Fund balances are reported as committed when they can be used only for specific purposes imposed by majority vote by quorum of the Town's governing body (highest level of decision-making authority). Any changes or removal of specific purpose requires majority action by the governing body. The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned – Fund balances are reported as assigned when amounts are constrained by the Town's intent to be used for specific purposes but are neither restricted nor committed. The Town Council, through Town ordinance, has expressly delegated to the Town Manager or his/her designee, the authority to assign funds for particular purposes.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation; however, the budget ordinance authorizes the manager to modify the appropriations by resource or appropriation within funds up to \$500.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The general fund is the only fund that reports a positive unassigned fund balance amount.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Town's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Town's policy to use fund balance in the following order: (1) Committed, (2) Assigned, and (3) Unassigned.

Net Position – Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Fund Equity (Continued)

Net Position (Continued) – Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the Town has spent) for the acquisition, construction, or improvement of those assets.

Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The Town applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

S. Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, deferred inflows of resources, and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Excess of Expenditures over Appropriations

During the fiscal year ended June 30, 2025, actual expenditures exceeded budget for public safety in the General Fund by \$9,469, and in the Water and Sewer Fund by \$116,335. The differences are primarily due to six new vehicles acquired under the Town's lease program. The total capitalized value of the lease for the General Fund Fire Department vehicle is \$56,684, and the total capitalized value of the five vehicle leases in the Water and Sewer Fund is \$205,512. The related capital outlay expenditures had tacit approval via the approved lease program, but the formal budget amendments were not made. This oversight was due, in large part, to the Town's implementation of new accounting software. The Town will make budget amendments as needed going forward.

B. Deficit Fund Balance

As of June 30, 2025, the FEMA/Helene Grant Fund and the General Capital Projects Fund have deficit fund balances in the amount of \$91,877 and \$79,246, respectively. The deficit in the FEMA/Helene Grant Fund is caused by the timing of when the Town incurred expenditures in responding to the natural disaster and when FEMA obligates and distributes funds to reimburse the Town for those costs. Subsequent to June 30, 2025, the Town has received approximately \$691,845 in reimbursements from FEMA. The deficit in the General Capital Projects Fund is caused by a timing difference as the grant funds will not be received until the projects are completed. In addition, the General Fund will transfer sufficient funds to cover the matching requirements of certain grants.

NOTE 3. DEPOSITS AND INVESTMENTS

Total deposits as of June 30, 2025, are summarized as follows:

	Primary Government
Statement of Net Position:	
Cash and investments	\$ 1,553,940

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Credit risk. State statutes and the Town's policies authorize the Town to invest in obligations of the state of North Carolina or other states; obligations issued by the U.S. Government; obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States; obligations of any corporation of the U.S. Government; prime bankers' acceptances; the NCCMT; and obligations of other political subdivisions of the state of North Carolina. The Town does not have a credit rating policy which provides restrictions or limitations on credit ratings for the Town's investments. The Town's investment in the NCCMT - Government Portfolio carried a credit rating of AAA by Standard & Poor's as of June 30, 2025.

As of June 30, 2025, the Town's investment balances were as follows:

Investment by Type	Valuation Measurement Method	Fair Value		Maturity	Rating
		June 30, 2025			
NC Capital Management Trust - Government Portfolio	Fair Value Level 1	\$ 2,332,610	\$ 2,332,610	N/A	AAAm

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level 1 debt securities are valued using directly observable, quoted prices (unadjusted) in active markets for identical assets.

Interest rate risk. The Town has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk – deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes (G.S. 159-31) require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. Government, or bonds of public authorities, counties, or municipalities. As of June 30, 2025, the Town's deposits are insured or collateralized as required by state law.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. RECEIVABLES

Receivables at June 30, 2025, for the Town's individual major funds, including any applicable allowances for uncollectible accounts are as follows:

	General Fund	Nonmajor Governmental	Water and Sewer Fund	Total
Receivables:				
Taxes	\$ 130,417	\$ -	\$ -	\$ 130,417
Accounts	261,418	-	963,073	1,224,491
Due from other governments	903,875	-	466,597	1,370,472
Gross receivables	<u>1,295,710</u>	<u>-</u>	<u>1,429,670</u>	<u>2,725,380</u>
Less allowance				
for uncollectible accounts	(7,900)	-	-	(7,900)
Total allowance	<u>(7,900)</u>	<u>-</u>	<u>-</u>	<u>(7,900)</u>
Net receivables	<u><u>\$ 1,287,810</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 1,429,670</u></u>	<u><u>\$ 2,717,480</u></u>

The Town entered into a lease agreement as the lessor beginning in fiscal year 2022. This lease is between the Town of Wilkesboro and the Wilkesboro Alcoholic Beverage Control Board which is a discretely presented component unit of the Town. The Town received yearly payments of \$75,000 which includes the principal and interest components of the payment. The interest rate for the lease is 2.14%. For the current year, the Town recognized \$53,448 in lease revenue and \$21,552 in interest revenue related to the lease. As of June 30, 2025, the Town's receivable for lease payments was \$953,677, which was recorded in the Town's General Fund. The Town reports a corresponding deferred inflow of resources associated with this lease that will be recognized over the lease term that ends on June 30, 2040. This deferred inflow of resources has a balance of \$926,882 as of June 30, 2025.

Leases Payable

In April 2024, the Town entered into a 60-month lease as lessee for the right to use seven vehicles. An initial lease liability was recorded in the amount of \$306,359. In February 2025, the Town entered into a 60-month lease as lessee for the right to use one vehicle. An initial lease liability was recorded in the amount of \$56,684. As of year-end, the value of the lease liability is \$289,693. The Town is required to make monthly fixed payments of \$876 to \$1,067 for six of the vehicles and the leases have an interest rate of 2.93% to 5.69%. For the remaining two vehicles, the Town is required to make monthly fixed payments of \$880 and the leases have an interest rate of 5.81%. The value of the right-to-use asset (equipment) as of year-end is \$363,043 with accumulated amortization of \$24,928. This lease was recorded in the Town's governmental activities.

In September, October, and December of 2024, the Town entered into 60-month leases as lessee for the right to use five vehicles. An initial lease liability was recorded in the amount of \$205,512. As of year-end, the value of the lease liability is \$179,419. The Town is required to make monthly fixed payments of \$548 to \$915 and the leases have an interest rate of 2.38% to 3.05%. The value of the right-to-use asset (vehicle) as of year-end is \$205,512 with accumulated amortization of \$27,413.

The debt service to maturity on the Town's outstanding lease liabilities are as follows:

Year ending June 30,	Governmental Activities		
	Principal	Interest	Total
2026	\$ 68,614	\$ 13,468	\$ 82,082

NOTES TO FINANCIAL STATEMENTS

NOTE 7. INTERFUND BALANCES AND INTERFUND TRANSFERS

Interfund Receivables and Payables

In the current fiscal year, the Town established two new funds, the FEMA/Helene project fund, and the General Capital Projects fund. Upon creation, the General Fund provided cash to these funds to support the funds in their inception. These transactions are reported as due from other funds in the General Fund and due to other funds in the FEMA/Helene project fund and General Capital Projects fund for \$105,317 and \$79,246, respectively.

Transfers

The composition of interfund transfers as of June 30, 2025, is as follows:

	<u>Transfer Out</u>	<u>Transfer In</u>
Nonmajor Governmental Funds	\$ (260,014)	\$ -
General Fund	-	232,697
Water and Sewer Fund	-	27,317
	<u><u>\$ (260,014)</u></u>	<u><u>\$ 260,014</u></u>

Transfers between the General Fund, Water and Sewer Fund, and the nonmajor governmental funds were made to close out various projects and transfer funds to the General Fund.

THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS

A. Local Governmental Employees' Retirement System

Plan Description. The Town of Wilkesboro is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the state of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report (ACFR) for the state of North Carolina. The state's ACFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic postretirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

A. Local Governmental Employees' Retirement System (Continued)

Benefits Provided (Continued)

Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age or have completed 15 years of service as a LEO and have reached age 50 or have completed five years of creditable service as a LEO and have reached age 55 or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town's contractually required contribution rate for the year ended June 30, 2025, was 15.10% of compensation for law enforcement officers and 13.60% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town were \$740,458 for the year ended June 30, 2025.

Refunds of Contributions – Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the Town reported a liability of \$4,116,747 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2024, the Town's proportion was 0.06107%, which was an increase of 0.00062% from its proportion measured as of June 30, 2023.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

A. Local Governmental Employees' Retirement System (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2025, the Town recognized pension expense of \$1,235,394. At June 30, 2025, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 721,409	\$ 4,850
Net difference between projected and actual earnings on pension plan investments	559,669	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	19,482	47,249
Town contributions subsequent to the measurement date	<u>740,458</u>	-
Total	<u>\$ 2,041,018</u>	<u>\$ 52,099</u>

Town contributions made subsequent to the measurement date of \$740,458 are reported as deferred outflows of resources and will be recognized as a decrease of the net pension liability in the year ending June 30, 2026. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:

2026	\$ 392,143
2027	793,356
2028	126,245
2029	(63,283)
	<u>\$ 1,248,461</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

A. Local Governmental Employees' Retirement System (Continued)

Actuarial Assumptions. The total pension liability as of June 30, 2024 (measurement date), was determined by the December 31, 2023 actuarial valuation using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 percent, including inflation and productivity factor
Discount rate	6.50 percent, net of pension plan investment including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e., general, law enforcement officer) and health status (i.e., disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2023 valuation were based on the results of an actuarial experience review for the period January 1, 2015, through December 31, 2019.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

A. Local Governmental Employees' Retirement System (Continued)

Actuarial Assumptions (Continued). The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2024, are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Fixed Income	33.0%	2.4%
Global Equity	38.0%	6.9%
Real Estate	8.0%	6.0%
Alternatives	8.0%	8.6%
Credit	7.0%	5.3%
Inflation Protection	6.0%	4.3%
Total	<hr/> <hr/> 100%	

The information above is based on 30-year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 2.25%. All rates of return and inflation are annualized.

Discount Rate. The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

A. Local Governmental Employees' Retirement System (Continued)

Sensitivity of the Town's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.50 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.50 percent) or one percentage point higher (7.50 percent) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Town's proportionate share of the net pension liability	\$ 7,294,996	\$ 4,116,747	\$ 1,502,200

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued ACFR for the State of North Carolina.

B. Law Enforcement Officers Special Separation Allowance

Plan Description. The Town administers a public employee retirement system (the "Separation Allowance"), a single employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A separate report is not issued for the Plan.

All full-time law enforcement officers of the Town are covered by the Separation Allowance. At June 30, 2025, the date of the most recent actuarial valuation the Separation Allowance's membership consisted of:

Retirees receiving benefits	5
Active plan members	23
Total	28

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

B. Law Enforcement Officers Special Separation Allowance (Continued)

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

Actuarial Assumptions. The entry age actuarial cost method was used in the June 30, 2025 valuation. The total pension liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.25 percent
Discount rate	4.81 percent

The discount rate used to measure the total pension liability is 4.81%, an increase from 3.97% used in the prior period. As the plan is funded on a pay as you go basis and thus no assets are set aside to pay benefits, the discount rate is equal to the yield on a 20-year Municipal Bond Aa index as of June 30, 2025 (Fidelity G.O. Municipal Bond Index).

Contributions. The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The Town paid \$85,359 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the Town reported a total pension liability of \$912,394. The total pension liability was measured as of June 30, 2025, based on a June 30, 2025 actuarial valuation. For the year ended June 30, 2025, the Town recognized pension expense of \$84,935.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

B. Law Enforcement Officers Special Separation Allowance (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

At June 30, 2025, the Town reports deferred outflows and deferred inflows of resources related to the pension plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Experience differences	\$ 315,537	\$ 115,840
Change in assumptions	57,841	100,823
Total	\$ 373,378	\$ 216,663

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:	
2026	\$ 28,812
2027	28,812
2028	28,813
2029	63,619
2030	1,821
Thereafter	4,838
	<u>\$ 156,715</u>

Changes in the Total Pension Liability. The changes in the total pension liability of the Town for the fiscal year ended June 30, 2025, were as follows:

	Total Pension Liability
Balance at June 30, 2024	\$ 651,844
Service cost	31,480
Interest	24,643
Experience differences	349,394
Assumption changes	(59,608)
Benefit payments	(85,359)
Balance at June 30, 2025	<u>\$ 912,394</u>

The required schedule of changes in the Town's total pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

B. Law Enforcement Officers Special Separation Allowance (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Sensitivity of the Town's Total Pension Liability to Changes in the Discount Rate. The following presents the Town's total pension liability calculated using the discount rate of 4.81 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.81 percent) or 1-percentage-point higher (5.81 percent) than the current rate:

	1% Decrease (3.81%)	Current Discount Rate (4.81%)	1% Increase (5.81%)
Total pension liability	\$ 983,942	\$ 912,394	\$ 847,787

The plan currently uses mortality tables that vary by age, and health status (i.e., disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the June 30, 2025 valuation were based on the results of an actuarial experience study for the period January 1, 2015, through December 31, 2019.

C. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (the "Plan"), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the ACFR for the state of North Carolina. The state's ACFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLANS (CONTINUED)

C. Supplemental Retirement Income Plan for Law Enforcement Officers (Continued)

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute, each month, an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the Plan. Contributions for the year ended June 30, 2025, were \$118,383 which consisted of \$63,611 from the Town and \$54,772 from the law enforcement officers. As of June 30, 2025, there were 28 active participants in the Plan.

D. 401(k) Retirement Plan

For the year ended June 30, 2025, the Town contributed to an approved 401(k) Retirement Plan covering eligible employees not engaged in law enforcement. The Town elected to make matching contributions of up to five percent (5%) of eligible salaries. The Town's contribution to the plan for the year ended June 30, 2025, was \$235,433.

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS

Plan Description and Benefits Provided. Under the terms of a Town resolution, the Town administers a single employer defined benefit healthcare plan (the "Retiree Health Plan"). This plan provides health care benefits for all retired personnel who have thirty years of full-time service with the Town and all elected officials who have fourteen years of service as of April 6, 1998, with the Town. The spouse and eligible dependents are also covered. A retired employee's spouse and eligible dependents may continue to receive coverage upon death of the employee. However, if a retiree's spouse remarries after the death of the retiree, the spouse will no longer be eligible for insurance coverage. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental plan after qualifying for Medicare. The Town Council established and may amend the benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 and a separate report was not issued for the Retiree Health Plan.

Membership of the Retiree Health Plan consisted of the following at June 30, 2024, the date of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	15
Active plan members	94
Total	109

Contributions. The Town Council has elected to fund the Retiree Health Plan on a "pay as you go" basis. Per the Town resolution, retirees are able to continue to receive health insurance at active employee rates, subsidized by Town contributions. For the fiscal year ended June 30, 2025, the Town contributed \$145,540 for the pay as you go benefits for the Retiree Health Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Total OPEB Liability

The Town's total OPEB liability of \$7,227,068 was measured as of June 30, 2025, and was determined by an actuarial valuation as of June 30, 2024, with the actuary using standard rollforward techniques to the measurement date..

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.25 percent
Healthcare cost trend rates	7.00/5.50 percent (pre-65/post 65) with an ultimate trend rate of 4.25/4.25 percent
Discount rate	4.81 percent

The discount rate used to measure the total OPEB liability was 4.81%. As the Town is not funding the OPEB plan, their rate is equal to the yield on the Fidelity GO Municipal Bond Index as of June 30, 2025.

Changes in the Total OPEB Liability. The changes in the total OPEB liability for the Town for the fiscal year ended June 30, 2025, were as follows:

	Total OPEB Liability
Balance at June 30, 2024	\$ 8,104,102
Service cost	211,357
Interest	318,433
Experience differences	(20,711)
Assumption changes	(1,240,573)
Benefit payments	(145,540)
Balance at June 30, 2025	<u><u>\$ 7,227,068</u></u>

Change in assumption and other inputs reflect a change in the discount rate from 3.97% to 4.81%. The current mortality rates were updated to use the Society of Actuaries Public Mortality (Pub 2010G and Pub 2010S) headcount-weighted tables, with generational mortality improvement using scale SSA18. The actuarial assumptions used in the June 30, 2025, valuation were based on the results of an actuarial experience study for the period January 1, 2015, through December 31, 2019. All other assumptions are the same as those used in the most recent (December 31, 2023) valuation for LGERS.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Total OPEB Liability (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.81 percent) or 1-percentage-point higher (5.81) than the current discount rate:

	1% Decrease (3.81%)	Current Discount Rate (4.81%)	1% Increase (5.81%)
Total OPEB Liability	\$ 8,909,905	\$ 7,227,068	\$ 5,979,336

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease (3.25%)	Current (4.25%)	1% Increase (5.25%)
Total OPEB Liability	\$ 5,946,526	\$ 7,227,068	\$ 8,943,858

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2025, and the current sharing pattern of costs between employer and inactive employees.

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2025, the Town recognized OPEB expense in the amount of \$584,154.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB (Continued)

At June 30, 2025, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,644,729	\$ 2,073,272
Changes in plan assumptions	2,732,714	2,762,873
Total	\$ 5,377,443	\$ 4,836,145

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending June 30:	
2026	\$ 54,364
2027	54,364
2028	54,364
2029	54,364
2030	54,364
Thereafter	269,478
	\$ 541,298

NOTE 10. RISK MANAGEMENT

The Town partners with a local insurance agency to obtain general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insured values of the property policy, and workers' compensation coverage up to statutory limits. The premiums and property values are reanalyzed annually to ensure the Town has appropriate coverage at a fair market value.

The Town uses an insurance broker and third-party administrator to manage their self-insured health insurance benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. RISK MANAGEMENT (CONTINUED)

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years. The Town carries flood insurance on the garbage/warehouse building and contents. Flood insurance is not carried on any other Town structure.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer is bonded for \$1,000,000. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000. Public officials are also bonded for \$1,000,000 per wrongful act.

For health and dental insurance coverage, the Town is self-insured for individual losses up to \$60,000. The Town purchases reinsurance for individual losses over \$55,000, as well as reinsurance for total plan losses in excess of \$1,660,072.

A summary of the Town's self-insurance claims payable as of June 30, 2025, is as follows:

	June 30, 2024	June 30, 2025
Governmental Activities		
Claims payable, beginning of year	\$ 265,235	\$ 104,029
Incurred claims and changes in estimates	962,716	1,708,700
Claim payments	(1,123,922)	(1,706,368)
Claims payable, end of year	<u>\$ 104,029</u>	<u>\$ 106,361</u>

NOTE 11. COMMITMENTS AND CONTINGENT LIABILITIES

Litigation:

The government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of management and legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

Grant Contingencies:

The Town has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the Town believes such disallowances, if any, will not be significant.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. ACCOUNTING CHANGES

Changes within the Financial Reporting Entity

The Town implemented new accounting software during Fiscal Year 2025, and during implementation they moved a sub-fund that was included in the SCIF Restroom Project Fund in the prior year to the General Capital Project fund. This transfer of beginning fund balance can be seen in the Combining Schedule of Revenues, Expenditures and Changes in Fund Balances – Nonmajor Governmental Funds, but did not have any effect in the Governmental Funds Balance Sheet due to both funds being reported as nonmajor.

2025	3,239,482	356,504	3,595,986	1.7%

Notes to this table:

(1) - This table presents the Town's most significant source of revenues. All other taxes and revenues are either comparatively insignificant or levied by a governmental entity other than the Town of Wilkesboro.

(2) - Ad valorem taxes include collections from the current year levy and the levies from the preceding nine years. Penalties, interest and other adjustments are also included.

Notes to this table:

(1) - The source of this information comes from the Annual County Report of Valuation and Property Tax Levies. Real property values exclude tax-exempt property.

(2) - All properties within town limits are reassessed annually. Property is assessed at actual value; therefore, the assessed values are equal to actual value.

(3) - Tax rates are set by Town Council annually and applied at a rate of \$100 per assessed value.

Table 8

Town of Wilkesboro, North Carolina

**Direct and Overlapping Property Tax Rates
Last Ten Fiscal Years
(rate per \$100 of assessed value)**

Fiscal Year	Town Tax Rates (1)		Overlapping Tax Rates (2)	
	Basic Rate	Direct Rate	(3) Fire District Rate	County Rate
2016	\$ 0.4400	\$ 0.4400	N/A	\$ 0.6900
2017	0.4800	0.4800	N/A	0.6700
2018	0.4800	0.4800	N/A	0.6700

2022	0.4800	0.4800	N/A	0.6600
2023	0.4800	0.4800	N/A	0.6600
2024	0.4800	0.4800	N/A	0.6600
2025	0.4800	0.4800	N/A	0.6900

Notes to this table:

- (1) - Tax rates are set by Town Council annually and applied at a rate of \$100 per assessed value.
- (2) - Overlapping rates are those of local and county governments that apply to property owners within town limits. The source of this information comes from Wilkes County's Tax Assessor's Division.
- (3) - The Fire District Tax applies to properties outside of the town limits.

(2) - See Table 17 for population data.

Table 15

Town of Wilkesboro, North Carolina**Direct and Overlapping Governmental Activities Debt**
June 30, 2025

Governmental Unit	General Obligation Debt Outstanding	Estimated Applicable Percentage	Town's Estimated Share of Overlapping Debt
Overlapping (1): Wilkes County (2)	\$ -	0.00%	\$ -
Direct: Town of Wilkesboro	\$ 721,471	100.00%	<u>721,471</u>
Total direct and overlapping debt			<u>\$ 721,471</u>

Notes to this table:

(1) - Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Town. This table estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Town. This process recognizes that, when considering the Town's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.

(2) - The source of this information comes from Wilkes County's most recently available Annual Financial Report. The County's financial data is from the previous year.

Total net debt applicable to the limit as a percentage of debt limit	<u>0.00%</u>	<u>0.00%</u>	<u>0.00%</u>	<u>0.00%</u>

Notes to this table:

(1) - North Carolina Statute 159-55 limits the Town's outstanding debt to 8% of the appraised value of property subject to taxation. The following deductions are made from gross debt to arrive at net debt applicable to the debt limit; money held for payment of principal, debt incurred for water, sewer, gas or electric power purposes; uncollected special assessments, funding and refunding bonds yet to be issued; and revenue bonds. The debt limit and the Town's net debt outstanding applicable to the limit represents the Town's legal borrowing authority.

COMPLIANCE SECTION

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

**Honorable Mayor and Members
of Town Council
Town of Wilkesboro, North Carolina**

We have audited, in accordance with the auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the **Town of Wilkesboro, North Carolina** (the "Town") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated December 19, 2025. Our report includes a reference to other auditors who audited the financial statements of the Wilkesboro ABC Board, as described in our report on the Town of Wilkesboro's financial statements. The financial statements of the Wilkesboro ABC Board were not audited in accordance with *Government Auditing Standards* and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the ABC Board or that are reported on separately by those auditors who audited the financial statements of the ABC Board.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Raleigh, North Carolina
December 19, 2025

Independent Auditor's Report on Compliance for the Major State Program and Report on Internal Control over Compliance in Accordance with Applicable Sections of the Uniform Guidance and the State Single Audit Implementation Act

**Honorable Mayor and Members
of Town Council
Town of Wilkesboro, North Carolina**

Opinion on Each Major State Program

We have audited the Town of Wilkesboro, North Carolina's (the "Town") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the Town's major state programs for the year ended June 30, 2025. The Town's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Wilkesboro complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2025.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town and to meet our ethical and other responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the Town's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Town of Wilkesboro's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Single Audit Implementation Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Single Audit Implementation Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance the Uniform Guidance, and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in Auditor's Responsibilities for the Audit of Compliance section and above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies or material weaknesses in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

TOWN OF WILKESBORO, NORTH CAROLINA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2025

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal and state awards (the “SEFSA”) includes the federal and state award activity of the Town of Wilkesboro, North Carolina (the “Town”) under programs of the federal government and the State of North Carolina for the year ended June 30, 2025. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Because the SEFSA presents only a selected portion of the operations of the Town, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Town.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. INDIRECT COST RATE

The Town did not utilize the 10% de Minimis indirect cost rate.
